SCHOOL MEMORANDUM

SM No. _____, series 2024

TO: All Department Heads
All JHS and SHS Teachers
All Non-Teaching Personnel
All Others Concerned

FROM: THE OFFICE OF THE SCHOOL PRINCIPAL

**RE: GUIDELINES ON THE IMPLEMENTATION OF THE ESTABLISHED
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL – CENTER
OF ACTIVE RESEARCH AND INNOVATION NAVIGATING ALL
AREAS**

Date: March 22, 2024

PARTICULARS

1. To support evidence-based policymaking, program creation, and decision-making processes, the Department of Education has made significant progress in fostering an established culture of research among all its personnel across all levels of government. Several DepEd policies were issued in this regard to support the Department's efforts towards creating a vibrant environment for research.
2. Moreover, in addition to encouraging professional growth through research and innovation, the Schools Division Office I Pangasinan through the Planning and Research Office seeks to cultivate an empirical thinking culture among stakeholders, enabling them to solve important challenges and offer appropriate decisions.
3. In support of the Department of Education and School Division Office I Pangasinan's initiatives in promoting and strengthening the culture of research and innovation in basic education, the Calasiao Comprehensive National High School issues this memorandum instituting the use of the established Center of Active Research and Innovation Navigating All Areas to guide in managing research and innovation programs, projects, and activities in the school level. This is anticipated to enhance the technical evaluation and assistance of the research and innovation management guidelines and quality control of research and innovation content by offering guidance in conducting educational research and innovative work plans.
4. This policy shall build on gains in promoting research, innovation, and data analysis in line with the Department of Education's core values, fostering

lifelong learning and utilizing quality, relevant, and timely information to cater to the needs of teachers, learners, and other stakeholders.

5. This issuance repeals all existing School Orders, Memoranda, and other related issuances, rules and regulations, and provisions that are inconsistent with this Memorandum. These provisions shall be rescinded and modified accordingly.
6. Immediate dissemination of this Memorandum is desired.

Enclosure to SM No. ____, series 2024

**GUIDELINES ON THE IMPLEMENTATION OF THE ESTABLISHED
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
CENTER OF ACTIVE RESEARCH AND INNOVATION NAVIGATING ALL AREAS**

I. RATIONALE

The 1987 Philippine Constitution Article IV, Section 10 asserts *"The State shall give priority to research and development, invention, innovation, and their use; and to science and technology education, training, and services."* This serves to further the idea that research is among the most effective means to acquire up-to-date information and skills to improve the standard of living in society. Similarly, in keeping with this constitutional provision, Chapter 1 Section 7 of Republic Act No. 9155, also known as the "Enhanced Basic Education Act of 2001," highlights the imperative of taking the initiative and carrying out national educational research to foster learning by setting up policies and strategies that will consistently contribute to the quality of basic education delivery in dealing with prevailing issues and providing essential support to teachers.

Guided by the abovementioned constitutional mandate, the Department of Education shall conduct educational research and studies as the basis for program and policy reform and development. As a result, the department issued several DepEd orders such as DepEd Order No. 43, series 2015 – Revised Guidelines for the Basic Education Research Fund, DepEd Order No. 4, series 2016 – Amendment of the Revised Guidelines for the Basic Education Research Fund, DepEd Order No. 39, series 2016 – Adoption of Basic Education Research Agenda, DepEd Order No. 16, series 2017 – Research Management Guidelines that illustrate the crucial part that research plays in making decisions about diverse programs and innovations in the field of education. Furthermore, based on significant improvements in substantial proof-making from several educational reforms that will strengthen education and research, these instructions can offer direction for simplifying evidence-based policy at the national, regional, school division, and school levels.

On the other hand, DepEd issued DepEd Order No. 21, series 2019 on policy guidelines on the K to 12 Basic Education Program to provide context to and articulate its context, features, and programs. It is stipulated that the additional two years to the basic education cycle is one of the hallmarks of the K to 12 programs. The Senior High School (SHS) curriculum is the fundamental policy mechanism that will act as an instruction manual for executing the program. Research subjects like Practical Research 1 and Practical Research 2 are part of the SHS curriculum regardless of the track and strand of the students where a research output is required.

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

Research (as a method of gaining knowledge) can help teachers and learners alike grow and develop personally. Teachers and learners bring their unique perspectives to the classroom, and they shape the minds of their peers by actively sharing the knowledge they have acquired through research. Moreover, to enable and produce educational growth and knowledge, research is essential. Research, in all its visible manifestations, offers teachers and learners greater potential (Parsons, 2023).

In line with the above statement, this policy intends to establish a center of research and innovation with data analytics that will assist teacher- and learner-researchers with demonstrating research-based knowledge and concepts of teaching and learning, as well as utilizing and disseminating that information to address issues and improve teaching and learning practices. As a result, the policy on establishing a research and innovation center aims to build on the gains made possible by educational reforms by establishing a framework of research efforts at all levels of government, with a focus on school and classroom settings.

As teacher- and learner-researchers will have a profound understanding and needed skills in conducting research to improve teaching and learning practices in the field, a research and innovation center at a school level is essential. As defined by the University of the Fraser Valley (2022), a research (and innovation) center is a lawfully established component within a department or school. Designed to promote academic endeavors through collaborative research, research training, research dissemination, or creative initiatives. Additionally, centers are supposed to actively involve teachers and learners in pertinent intellectual platforms and engagement with the community, as well as provide them with distinctive inquiry-based learning opportunities. Furthermore, centers usually encourage multidisciplinary initiatives that take into account activities that go beyond the boundaries of a single discipline.

Hence, the center will be involved in the initiation, facilitation, and provision of support mechanisms for effective and efficient implementation of the research and innovation programs, projects, and activities of the school community. This will also serve as a hub to house research and innovation outputs and other research resources and learning materials. Thus, this will highlight the value of research and innovation-based actions in improving the quality of teaching and learning and provide teachers, learners, and other key stakeholders with an avenue for intellectual discourse focused on academically-driven and technologically based education research and innovation through multimodal assistance.

II. SCOPE OF THE POLICY

This School Memorandum provides the guidelines on the implementation of the established Center of Active Research and Innovation Navigating All Areas as well

Address: **Malong St. Poblacion West, Calasiao, Pangasinan**

as the vision, mission, objectives, core values, structures, composition, roles and responsibilities of the research-innovation-statistical analysis team, among others.

These guidelines shall be implemented schoolwide in providing technical assistance, coaching, and mentoring to all researchers in so far as conducting educational research is concerned.

III. DEFINITION OF TERMS

Culture of Research – is the “regular exercise of systematic inquiry to improve program and policy development and implementation” (DepEd Order No. 16, series 2017)

Education Research - is the “scientific field of study that examines education and learning processes and the human attributes, interactions, organization, and institutions that shape educational outcomes” (American Educational Research Association in DepEd Order No. 16, series 2017)

External Stakeholders - refer to the “individuals or organizations who are not directly involved in or affected by the daily educational operations of the school but have a strong interest in collaborating with and/or supporting the school to address its concerns and improve its performance. External stakeholders may include parents and guardians, community members, local government units, civil society organizations, other national government agencies and government-owned and controlled corporations, international organizations, private companies, business enterprises, corporate foundations, cooperatives, and other concerned private individuals.” (DepEd Order No. 26, series 2022)

Internal stakeholders - refer to “individuals who are directly and immediately involved in or affected by the daily educational operations of the school. Internal stakeholders include the learners and school personnel.” (DepEd Order No. 26, series 2022)

Research - a methodical means of gathering and evaluating information to enhance the acquisition of knowledge in an area of interest.

Research and Innovation Center - an officially recognized unit of a learning facility that supports academic interests employing collaborative research, training, dissemination, and innovative initiatives that engage both teachers and learners in scholarly pursuits and interdisciplinary activities.

Technical Assistance – refers to any kind of professional guidance, direction, or support that is provided that allows individuals to carry out their respective duties with greater efficiency. This entails overseeing groups and initiatives, establishing competence, and exchanging information.

CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

IV. POLICY STATEMENT

This School Memorandum hereby establishes the implementation guidelines of the established Center of Active Research and Innovation Navigating All Areas to provide guidance on managing processes in conducting education research, and the roles and responsibilities of varied committees in research-innovation-data analysis at the school level. This policy further enhances the collaborative approaches with key stakeholders to support interconnected initiatives and streamlines the utilization of readily available means for research and innovation.

V. GUIDELINES AND PROCEDURES

a. Vision, Mission, Objectives, and Core Values

Vision

The Center of Active Research and Innovation Navigating All Areas envisions to become a hub of facilitating and nurturing research, innovation, and statistical analysis of Calasiao Comprehensive National High School guided by the core values of the Department of Education that will equip and empower the love of lifelong learning and utilize information through quality, relevant, and timely research and innovative approaches catering the needs of the teachers, learners, and other key stakeholders.

Mission

To actively support the Department of Education's 5-point Reform Agenda and Schools Division Office 1 Pangasinan initiatives focusing on fostering a culture of research and innovation at a school level creating a positive socio-cultural impact on the community.

Objectives

The Center of Active Research and Innovation Navigating All Areas has the following objectives:

1. Cultivate active academic and social settings for teachers, learners, and other key stakeholders, enabling the most effective and efficient teaching/learning and research and innovation possible
2. Avidly provide leadership and guidance in conducting quality, relevant, and timely research studies in different fields with practical techniques in utilizing statistical tools
3. Reflectively serve as a training ground for teacher- and learner-researchers from research (including the formulation, utilization, and

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

- dissemination), innovation with data analytics programs, projects, and activities
4. Inspire and strengthen collaborative partnerships and relationships with different sectors and stakeholders in dealing with research and innovation
 5. Nurture and facilitate intellectual discussions, utilization, and dissemination of research and innovation outputs
 6. Authentically promote a positive attitude towards data-driven research and innovation essential for a thriving and progressive community

Core Values

The Center of Active Research and Innovation Navigating All Areas adheres to the following principles:

Commitment and creativity

The center is committed to continuous research and development, fostering innovation, and creativity, and transferring ownership of ideas through creative interaction and learning.

Assurance of quality and excellence

The center ensures the research and innovation processes, and its outcomes meet the highest standard. Further, the center sustains relevant and researchable inquiry, appropriate methods, and logical, coherent findings that are substantiated by data.

Responsibility and respect

The center reinforces responsibility and respect in conducting research and innovation. This involves conducting work honestly, objectively, and with integrity. Further, this includes reporting data with fairness and openness, avoiding bias, and respecting intellectual property standards. Likewise, the center acknowledges researchers' contributions, treating individuals with dignity, and honoring rights and values.

Inclusiveness and integrity

The center upholds integrity and transparency in all research and innovation activities. The center guarantees all concerned have equitable access to training, mentorship, and resources; it also incorporates a range of perspectives, protects the integrity of scientific inquiry, and produces quality research, transparent communication, and accountability.

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

Nurturing service and sustainability

The center fosters a culture of service and promotes sustainable practices within the research and innovation community. The center is committed to making a positive impact in the school community and on society as a whole and ensuring that research and innovation practices are sustainable for future generations.

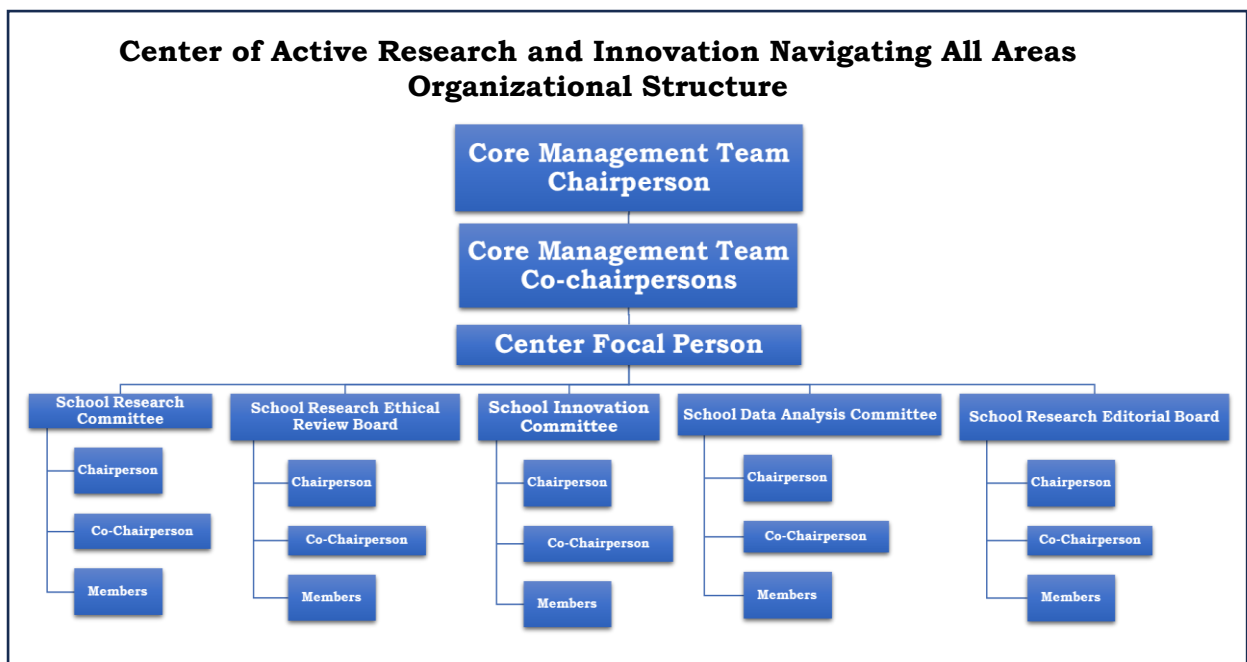

Active partnership and collaboration

The center pursues active partnerships and collaboration with key stakeholders that require building relationships based on open communication, trust, and mutual respect. The center is committed to working together to share a common goal leading to more relevant, feasible, comprehensive research and innovation outcomes.

b. Center Structure

The basic organizational structure of the center is composed of the following:

- Core Management Team Chairperson
- Core Management Team Co-chairpersons
- Center Focal Person / School Research Coordinator
- School Research Committee
- School Research Ethical Review Board
- School Innovation Committee
- School Data Analysis Committee
- School Research Editorial Board

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

c. Composition of the Center Management Teams

There shall be different teams to lead and manage the center. These teams shall be composed of the following internal and external stakeholders: the Core Management Team (Chairperson and Co-chairpersons), Center Focal Person, School Research Committee, School Research Ethical Review Board, School Innovation Committee, School Data Analysis Committee, and School Research Editorial Board. The Chairperson and Co-chairpersons of the center will be the School Head and Department Heads, respectively.

The School Head shall designate a Center Focal Person / School Research Coordinator, who exhibits the leadership competencies reflected in *Domain 1 – Content Knowledge and Pedagogy (Strand 1.2 - Research-based knowledge and principles of teaching and learning)* of the Philippine Professional Standards for Teachers (DepEd Order No. 42, series 2017).

In consideration of the varying needs and context of research and innovation processes, the five (5) different committees will be designated by the School Head. Each committee will have one (1) Chairperson, one (1) Co-chairperson, and at least three (3) members. Additional members may be allowed based on the needs of each committee.

Moreover, the prospective committee members must uphold the core values of the center, be more willing or have a sincere desire to be part of the center, regardless of position, and be driven to support the school and its research and innovation endeavors toward enhancing teaching and learning outcomes.

d. Roles and Responsibilities of the Center Management Team

1. The Core Management Team Chairperson shall:
 - a. approve research and innovation programs, projects, and activities as well as research and innovation proposals to be submitted to the Schools Division Research Committee;
 - b. monitor and supervise research and innovation services and other related activities of the center;
 - c. promote active partnership and multidisciplinary collaboration among the key stakeholders on research and innovation-related activities in accordance with the Department's thrust and research agenda;
 - d. provide research and innovation consultation when appropriate;
 - e. monitor all research and innovation programs, projects, and activities;

Republic of the Philippines
Department of Education
Region I

SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

- f. conduct final evaluation and endorse all completed and implemented research studies to the Schools Division Research Committee; and
- g. initiate research and innovation program for dissemination and utilization of research findings.

2. The Core Management Team Co-chairperson shall:

- a. assist the Chairperson in planning and facilitating research and innovation programs on research creation, monitoring, evaluation, dissemination, and utilization;
- b. propose and arrange collaborative research and innovation projects and activities with key stakeholders in line with the Department's and division's research thrust and priorities;
- c. provide technical assistance in research and innovation-related activities in a multimodal manner to teacher-research proponents within their respective departments;
- d. prepare and review report and committee materials prior to the endorsement of the Chairperson;
- e. conduct an initial evaluation of all research and innovation proposals, all completed and implemented research studies within their respective departments;
- f. propose arrangements for keeping research and innovation-related documents;
- g. provide assistance to the Chairperson in initiating research and innovation programs for dissemination and utilization of research findings.

3. The Center Focal Person / School Research Coordinator shall:

- a. maintain the functional operations of the research and innovation center, especially in providing direction in the planning, implementation, monitoring, coordination, and evaluation of research and innovation programs of the school;
- b. assist the Co-chairpersons in evaluating research and innovation proposals with their respective departments;
- c. encourage the key stakeholders to actively partake in the formulation, implementation, evaluation, and documentation of the research and innovation thrusts and priorities of the school;
- d. disseminate research and innovation updates and information to different departments;
- e. help the Co-chairpersons in offering technical assistance to the teacher-researchers and innovative work plan proponents within their respective departments;
- f. submit an annual action plan and quarterly/annual reports of accomplishments to the Chairperson; and

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

- g. do other related functions upon the directive of the Chairperson of the center.

4. The School Research Committee shall:

- a. provide directions on research initiatives through the Basic Education Research Agenda and other identified priority research areas in the school;
- b. serve as resource person for reviewing research proposals and manuscripts;
- c. promote and boost the research awareness and proficiencies of internal stakeholders;
- d. provide coaching, mentoring, and advising in the conduct of basic and action research studies;
- e. assist the Center Focal Person and Co-chairpersons in assessing research proposals and manuscripts in the different departments in accordance with the guidelines;
- f. conduct quarterly monitoring of research initiatives in schools; and
- g. prepare quarterly or annual reports on accomplishments related to school research initiatives.

5. The School Research Ethical Review Board shall:

- a. ensure that all research proposals by the researchers are conducted in accordance with ethical principles and standards;
- b. promote research integrity by identifying and resolving conflicts of interest;
- c. establish appropriate mechanisms in all stages of the research thereby ensuring the proper documentation of and adherence to the confidentiality rule and policy on informed consent;
- d. issue a corresponding policy on evaluating compliance to research ethics to ensure the protection of respondents, participants, or subjects to education or scientific research;
- e. develop guidelines for the establishment, management, and standardization of research ethics review;
- f. report to the authorities any matter that affects the conduct and ethics of the research; and
- g. keep a systematic and organized record of all proposals reviewed, including actions taken and other pertinent information.

6. The School Innovation Committee shall:

- a. provide directions on innovation initiatives through identified priority innovation zones in the school;

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

- b. serve as resource person for reviewing innovative work plan proposals and manuscripts;
- c. promote and boost the innovative work plan awareness and proficiencies of internal stakeholders;
- d. provide coaching, mentoring, and advising in the conduct of innovative work plans;
- e. assist the Center Focal Person and Co-chairpersons in assessing innovative work plan proposals and manuscripts in the different departments in accordance with the guidelines;
- f. conduct quarterly monitoring of innovative work plan initiatives in schools; and
- g. prepare quarterly or annual reports on accomplishments related to school innovative work plans.

7. The School Data Analysis Committee shall:

- a. ensure that all research proposals by the researchers are conducted in accordance with appropriate statistical tools;
- b. serve as a resource person for reviewing the methodology especially the plan for the data analysis part of the research;
- c. boost the capability and skills of researchers in the field of statistics and/or data analytics;
- d. promote the utilization of statistics and/or data analytics in the conduct of basic and action research studies;
- e. provide technical assistance in employing statistical tools and software applications in research;
- f. provide researchers with an avenue for intellectual discourse focused on the use of statistical software and tools to analyze quantitative or qualitative data in education research; and
- g. provide statistical consultation when appropriate in analyzing, presenting, and interpreting quantitative or qualitative data in research studies.

8. The School Research and Innovation Editorial Board shall:

- a. provide guidance and feedback to research and innovative work plan proponents on improving the clarity, coherence, and quality of their research proposal and/or manuscripts including but not limited to suggestions for revisions, and corrections of grammar and language of the research;
- b. ensure the quality, originality, and relevance of the research as well as compliance with the guidelines and policies;
- c. manage conflicts or disputes that may arise during the evaluation of the research and innovation proposals and

Republic of the Philippines
Department of Education
Region I

SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

- manuscripts such as issues related to authorship, plagiarism, or other ethical concerns;
- d. check the technical aspect of writing mechanics of the research manuscripts and innovative work plans such as spelling, grammar, and punctuation, among others;
 - e. treat all the research and innovative work plan proponents equally with fairness, courtesy, objectivity, honesty, and transparency concerning the review or evaluation process;
 - f. provide technical assistance in employing correct usage of language and grammar in the conduct of education research and innovative work plans; and
 - g. boost the research and innovation publication and dissemination among research and innovative work plan proponent to foster its reach and impact.

d. Research Management Cycle

The center will adopt the Research Management Cycle which involves (a) Call for Research Proposals; (b) Evaluation of Proposals; (c) Notification of Results; (d) Progress Monitoring; (e) Technical Assistance; (f) Provision of Changes and Extension; (g) Submission and Acceptance; (h) Dissemination and Utilization; and (i) Archival as postulated in *DepEd Order No. 16, series 2017 – Research Management Guidelines*.

e. Implementation and Sustainability Strategy

Considering the adoption of Research Management Guidelines and other policies on research and innovation, the Calasiao Comprehensive National High School corroborates mechanisms to support researchers.

First, the school has established an institutional facility to equip and empower key stakeholders in managing and conducting educational research and innovative work plans.

Second, the school plans to disseminate research findings through various platforms including publications, conferences, and forums. Completed research studies will be collected and uploaded for reference and will be shared with relevant offices for policy and program development.

The center is intended to serve as a research and innovation hub to guide research and innovation work plan proponents and other stakeholders performing empirical studies on basic education. Further, the center offers insights and practical solutions for administrators, policymakers, and other academic scholars on current trends and concerns.

Republic of the Philippines
Department of Education
Region I
SCHOOLS DIVISION OFFICE I PANGASINAN
CALASIAO COMPREHENSIVE NATIONAL HIGH SCHOOL
Calasiao, Pangasinan

Lastly, the center will ensure that the research and innovation are fully utilized by analyzing the results and offering feasible suggestions for the creation of policies and programs.

VI. MONITORING AND EVALUATION

The Schools Division Office I Pangasinan particularly the Planning and Research Unit in collaboration with the District and School Technical Working Group in Research and Innovative Work Plan will conduct systematized monitoring and supervising of the research and innovation management processes and initiatives at the school level. They will provide feedback for the improvement of the center.

Further, the school will conduct an annual review of the effectiveness and efficiency of the center in achieving its goals and objectives. Feedback from the monitoring and evaluation will be reported during the program implementation review.

VII. EFFECTIVITY / TRANSITORY PROVISIONS

Immediate dissemination and compliance with this memorandum is directed.
