

Peace Starts with Honesty

by: Information Technology Governing Organization

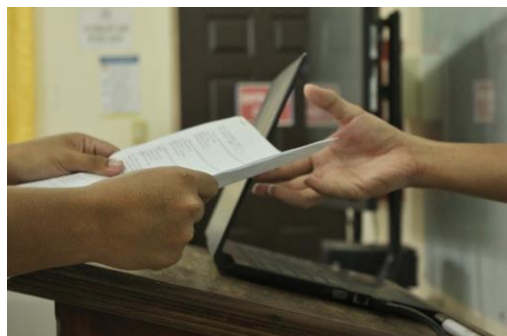

FIRST CHEAT. Corruption doesn't start big. It starts here—with one look, one lie.

HARD REALIZATION. I realized even small cheats break something bigger—trust.

SPEAKING UP. Silence protects the wrong. Voices protect the truth.

CLEAR EXAMPLE Honesty isn't hidden — it's shown, shared, and seen.

OUR EXAMPLE Together, we promise honesty. Together, we build peace.
